OFFICE OF
WATER

Mr. Dean Brand
Board Chairman
Central Davis Sewer District
2200 South Sunset Drive
Kaysville, UT 84037

Dear Mr. Brand:

I am pleased to announce that the Central Davis Sewer District has been selected a first place winner of the Environmental Protection Agency's (EPA) 2004 National Clean Water Act Recognition Award for its outstanding biosolids management project. This award is being made in the Biosolids Exemplary Management Awards Program category for Small Operating Projects. EPA based this selection on Central Davis Sewer District's "model" small project involving 100% beneficial use by land application of Class A & B biosolids on farmland used to produce alfalfa hay and sod.

We will officially announce the national winners at the EPA's National Clean Water Act Recognition Awards Ceremony on Monday, October 4, 2004, in New Orleans, Louisiana, during the Annual Water Environment Federation's Technical Exposition and Conference. My staff will contact you shortly to provide more information regarding the ceremony and conference, and to answer any questions you may have.

Congratulations and thank you for your commitment to excellence in biosolids management.

Sincerely,

A handwritten signature in black ink that reads "Ben H. Grumbles".

Dear Mr. Brand:

As governor of Utah, I take great pleasure in extending my congratulations to you and the Central Davis Sewer District on being selected as the first place winner of the U.S. Environmental Protection Agency's National Clean Water Act Recognition Award.

I am aware that in order to win this important award, your district demonstrated creative and outstanding operations and maintenance practices in the Medium Secondary Plant category. I applaud you and all those with whom you work for your efforts to improve your community and environment.

Best wishes in your ongoing quality advancement endeavors.

Sincerely,

Dear Mr. Brand:

Congratulations on being honored as the first place winner of the U.S. Environmental Protection Agency's National Clean Water Act Recognition Award for 2004. It is my understanding you received this award based on your outstanding Operations and Maintenance practices in the Medium Secondary Plant category.

I applaud you for achieving this honor and wish you continued success as you work toward improving the environment.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert F. Bennett".
